A wide selection of children's party buffets to suit all occasions...

Our children's buffet menus are carefully designed to offer a wide range of flavours at competitive prices. We have chosen products with a broad appeal so that your little guests are always able to find something that they like. From our Basic Children's Party Buffet through to our Build Your Own Children's Party Buffet, you can be assured that we always use the best ingredients, prepared freshly, especially for you.

As we live in a dynamic and diverse society, we are aware that tastes vary greatly and we are more than happy to substitute items or even design a menu to your specification to ensure that your children's buffet is exactly as you would like it. Whether you have special dietary requirements or are looking for food with a theme, our team will do everything we can to ensure your requirements are met. Please speak to Sharon to discuss requirements and for individual quotes.

In addition to our set children's buffet menus, you have the option to Build Your Own Children's Party Menu. This option is designed to offer ultimate flexibility and control over your children's party menu, perfect for ensuring all of your child's favourites are included!

Children's Buffets are available for as few as 10 children (except for Build your own Buffet, which is a minimum of 12) or for as many as 35, and for any occasion. If you wish to eat outside of the Coffee House, we can offer Children's Party Boxes, easy to transport and minimal mess. We also offer a range of sandwich platters (for 6+ people) which are ideal for any parents who may be in attendance, details of which are also included in this brochure.

Please be sure to read our 'Important Information' on the next page, and our terms and conditions at the back of this brochure.
